

DELETEX

Leather & Textiles

Greenskin is 100% free of chemical FR (Fire Retardant) additives. Yet, thanks to their inherent flame-resistant properties, it achieves the European Fire Norm EN1021 (Part 1&2) as well as the much coveted Oeko-Tex label.

Other Greenskin green features:

-  Free of flame retardant (FR) additives
-  Free of antimicrobial additives
-  Contains bio-based renewable ingredients:
 - common salt
 - plasticiser derived from non-feedstock bio-waste such as used vegetable cooking oil
-  Phthalate free formulation
-  Low VOC (volatile organic compound) water based formulation
-  No PBTs, No Ozone depleting chemicals, No Bisphenol A (BPA), Bromine-free / No HFRs
-  No POPs/PFAs
-  100% vegan
-  Skin safe (ISO 10993-10)
-  Long lasting and durable
-  Made at a ISO14001 certified plant which is also REACH & RoHS compliant and uses renewable (hydro-electric) power
