## **PISA**

|               |          |                              |
|---------------|----------|------------------------------|
| Composition:  | Topcoat: | 100 % PVC                    |
|               | Backing: | 65 % PES – 35% CV            |
| Colour range: |          | 30                           |
| Weight:       |          | 610 gr/m <sup>2</sup> +/- 50 |
| Thickness:    |          | 1.1 mm +/- 0.1               |
| Roll width:   |          | 140 cm                       |
| Roll length:  |          | +/- 25 lm                    |

### **Description:**

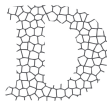

Pisa is a simple, but incredibly durable artificial leather. Due to the lack of phthalate, this article is perfect for applications for children younger than 3 years: small chairs, toys, playmats, ...

### **Technical aspects:**

|                         |                |                             |
|-------------------------|----------------|-----------------------------|
| Lightfastness:          | EN ISO 105-B02 | Min 6 blue scale            |
| Abrasion resistance:    | EN ISO 5470-2  | 100 000 cycles (Martindale) |
| Adhesion of the finish: | EN ISO 2411    | Warp: Min 20 N              |
|                         |                | Weft: Min 20 N              |
| Tearstrength:           | EN ISO 4674-1  | Warp: 20 N                  |
|                         |                | Weft: 15 N                  |
| Stitching strength:     | DIN 54301      | Warp: Min 30 N              |
|                         |                | Weft: Min 40 N              |
| Elongation:             | EN ISO 1421    | Warp: +/- 30 %              |
|                         |                | Weft: +/- 150 %             |
| Tensile strength:       | EN ISO 1421    | Warp: 300 N                 |
|                         |                | Weft: 130 N                 |
| Flexing endurance:      | EN ISO 5402    | 50 000 cycles               |
