

## SILVERTEX™

was created using a unique and exclusive technique, which creates a refined dimensional appearance. This art form is utilised to bring you SILVERTEX™, a subtle texture indistinguishable from real fabric, with one exception... superior performance. SILVERTEX™ is treated with a patented stain-fighting and abrasion-resistant PermaBLOK® protection, which now includes silver ion technology, a natural germ-fighting defense to help safeguard the consumer against bacterial contamination. Formulated to meet the most stringent flammability codes. SILVERTEX™ is a natural choice in corporate, hospitality, food service, and healthcare settings.
